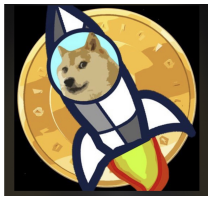
Ohana Farms



Our mission is to produce top-shelf organic mixed-light cannabis flowers

Our Opportunity

Problem worth solving

Our goal is to provide affordable top-shelf cannabis flowers and educate our customers about the benefits of organic ways of growing cannabis.

Our solution

3 phase electricity is available on the property, allowing controlling climate and lighting intensity inside the greenhouses. A climate-controlled 1200 sqft metal shop allows processing and packaging to ensure the final quality

Funding needed $ **290**K *Funds will be used for the working capital*
