

CANNABIS INDUSTRY

Real Estate Services

Cannabis best practices, local expertise, and market intelligence across North America.

The Lee & Associates Cannabis Real Estate Services group provides industry investors, owners and occupiers with a full range of commercial real estate services and license consulting throughout the US and Canada.

Our team tracks cannabis occupiers and investors while also maintaining an inventory of available spaces, licenses and other assets in the cannabis markets across North America. From retail dispensaries, purpose-built manufacturing, cultivation/greenhouse facilities, warehouse distribution and packaging, office space, or even license transfers and sales - whatever your requirement we can assist and/or source it.
