

THE BRAND is currently manufacturing 30 SKUs of THC and CBD products in a state of the art processing facility in the heart of central Oklahoma, strategically located halfway between Oklahoma City and Tulsa. From vapes to edibles, tinctures, topicals, & capsules, this is a one stop processing shop. *This is the gold standard of cannabis processing.*

2250 ft.² Secure Building

Completely renovated- new epoxy flooring, new lights, all new 3 phase electrical with 400 amp electrical service, new pole, buckets, meter, panel, and wiring inside steel conduit, new roof, new hot water heater, new PEX plumbing lines, all new commercial stainless gas ovens, triple sinks, ovens, fridge, and freezer. Fiberglass Reinforced Paneling throughout Kitchen and storage sections of building for proper food safety construction, signed off on by OK Health Dept. All new LED lighting throughout building. New solid heavy steel doors on both front and rear entrance. Custom welded steel bars on inside of back door and inside of front windows per the local Chief of Police's recommendation. Blacked out tempered glass windows. Complete NEST security system with multiple (7) exterior and interior cameras, motion sensors, alarm, and video doorbells. New exterior lights on front and rear of building set on dusk to dawn timers for overnight security lighting. New paint. New brick mortar glue sealant throughout extraction and restroom to prevent old brick erosion. **Very** discreet and **totally** secure.

State of the Art, industry leading technology for Extraction & Post Processing/ Distillation Equipment

- Cali Pre-Rollers Industrial Material Bulk Whip Shredder
- Heidolph Platinum Benchtop Rotovap Package x2
- Cascade Sciences CDO-5 Decarb Oven
- Cascade Sciences CVO-5 Pro Vacuum Oven Package
- Cascade Sciences Purepath Distillation Machine 100+KIT A
- Drain Droyd Hash Oil Filtration Machine
- Eden Labs 20L2K CO2 Extraction Machine
- SoLow -85C Lab Freezer for Winterization of Oils
- Waverly Digital Hotplates x3 with Misc. Stir Bars
- Cascade Sciences 20L Bead Bath + 15L Lab Armor Beads
- Kinematic MDT-1000 Homogenizer w/ Stand
- Agilent 1220 Infinity II HPLC System – Lab Potency Analyzer
- Lab Potency Analyzer Accessories - Vortexer, Centrifuge, super analytical balances, applicators, tubes, and misc. supplies
- Various Scientific glass flasks, vessels, containers for extraction and processing work

- Various scientific analytical precision balance scales

Intellectual Property- (All documented and bound in a three ring binder)

- Consultants from Heylo (Seattle, WA) and Cascade Sciences (Portland, OR) conducted onsite extraction, post-processing, and distillation training and wrote processing SOPs. Food Safety & HACCP plan consultant with 21 years of meat processing and inspection experience developed employee operations manual, GMPs, SOPs/SSOPs, and HACCP Plan.

- Employee Operations Manual
- Good Manufacturing Processes
- SOPs
- SSOPs
- HACCP Plan
- Product & Food Recipes and step-by-step guide to each SKU
